

**Oregon Society of Anesthesiologists
Educational Sessions and CME Hours
2000-2006**

Annual Fall

September 23, 2006

- 8:00 am ***Malignant Hyperthermia, Update and Current Practice on Patient Management and Evaluation***
1 hour Joseph Tobin, M.D.
- 9:00 am ***Regional Anesthesia, Anatomy of Upper and Lower Extremity Blocks***
1 hour Vincent Chan, M.D.
- 10:45 am ***Pediatric Acute Pain Management***
1 hour Dr. Tobin

September 24, 2006

- 8:00 am ***Using Ultrasound to Guide Peripheral Nerve Blocks***
1 hour Dr. Chan
- 9:30 am ***Ultrasound Guided Regional Anesthesia Workshop***
2-1/2 hours Station 1 - Upper Extremity Blocks, Station 2 - Lower Extremity Blocks
Station 3 - Identifying the Needle Tip, Under Ultrasound
Station 4 - Ultrasound Physics/Controls/ Machine Types

Annual Spring

May 20, 2006

- 7:45 ***Obstetric Emergencies & Anesthetic Management***
1 hour Craig M. Palmer, M.D.
- 8:45 ***Total Joint Replacement as an Ambulatory or 23-Hour Stay Procedure***
1 hour Brian Ilfeld, M.D.
- 10:45 ***ASA Update***
30 minutes Orin Guidry, M.D.
- 11:15 ***Post-Cesarean Analgesia***
45 minutes Craig M. Palmer, M.D.

May 21, 2006

- 8:00 ***Combined Spinal-Epidural Analgesia for Labor: What, Why and How?***
45 minutes Craig M. Palmer, M.D.
- 8:45 ***Complications of Continuous Peripheral Nerve Blocks***
45 minutes Brian Ilfeld, M.D.
- 10:00 ***Portable Infusion Pumps/Perineural Local Anesthetic Infusion***
1 hour Brian Ilfeld, M.D.

Haugen Lecture

Saturday, September 17, 2005

- 9:00 am ***Awake Surgery: Medieval versus Modern***
1 hour John Bramhall, M.D.
- 10:30 am ***Taking the Initiative in Health Care***
1 hour John Bramhall, M.D.
- 12:30 pm **HAUGEN LECTURE**
- 1 hour ***You, the Owner's Manual***
Michael F. Roizen, M.D.

Annual Spring

May 21, 2005

- 7:30 am ***Hospital Stipends***
1 hour Alexander A. Hannenberg, M.D.
- 8:30 am ***Bariatrics Perioperative Evaluation, Long Term Follow-Up, Results Complications and Anesthetic Issues***
1 hour Clifford Deveney, M.D.
- 10:30 am ***ASA Update***
30 minutes Alexander A. Hannenberg, M.D.
- 11:15 am ***Goals and Techniques of Bariatric Surgery***
Clifford Deveney, M.D.

May 22, 2005

- 7:30 am ***New Advances in Perioperative Pain Management***
1 hour Stuart Rosenblum, M.D.

8:30 am ***Developing Controversies in Opioid Management in Chronic and Acute Situations***
1 hour
Stuart Rosenblum, M.D.

Annual Fall

September 11, 2004

7:30 am ***Compliance in Anesthetic Practice, Risk Areas***
45 minutes Judith Semo, J.D.
8:15 am ***Documentation & Preparation for Medical-Legal Issues***
45 minutes Jim Martin, J.D.; Dave Miller, J.D.
10:00 am ***Neuroanesthesia Update***
45 minutes Daniel Cole, M.D.
10:45 am ***Advances in Inhalation Anesthesia***
45 minutes Beverly Philip, M.D.

September 12, 2004

7:30 am ***Ambulatory Anesthesia: Changing the Process***
45 minutes Beverly Philip, M.D.
8:15 am ***Principles of Anesthetic Management for Carotid Endarterectomy***
45 minutes Daniel Cole, M.D.
9:15 am ***Negotiating Hospital Anesthetic Coverage***
45 minutes Judith Semo, M.D.
10:00 am ***Standards, Parameters, Guidelines, Advisories & Statements: Is My Practice Up to Date?***
45 minutes Daniel Cole, M.D.

Annual Spring

May 15, 2004

7:30 am ***The Critically Ill Patient and the Use of Vasoactive Drugs***
45 minutes Jerrold H. Levy, M.D.
8:15 am ***ASA Update***
1 hour Eugene P. Sinclair, M.D.
9:30 am ***Allergy and the Anesthesiologist***
45 minutes Jerrold H. Levy, M.D.
10:30 am ***Maintaining Hemostatic Balance/Q&A***
45 minutes Jerrold H. Levy, M.D.

May 16, 2004

7:30 am ***Introduction to TEE Transesophageal Echocardiography***
45 minutes Stephen Robinson, M.D.
8:30 am ***TEE for Noncardiac Surgery in the General OR***
45 minutes Stephen Robinson, M.D.
10:00 am ***Noncardiac Surgery in the Cardiac Patient***
45 minutes Stephen Robinson, M.D.
10:45 am ***Oregon's Malpractice Crisis and Oregonian's Access to Care***
45 minutes Peter Bernardo, M.D.

Annual Fall

September 13, 2003

7:45 am ***Single Lung Ventilation in Infants & Children***
45 minutes Gregory B. Hammer, M.D.
8:30 am ***Overcoming Difficult Venous Access***
45 minutes Andrew B. Leibowitz, M.D.
10:15 am ***Regional Anesthesia for Pediatric Cardiac Surgery***
45 minutes Gregory B. Hammer, M.D.
11:00 am ***Update in CPR/ACLS for the Practicing Anesthesiologist***
45 minutes Andrew B. Leibowitz, M.D.

September 14

8:30 am ***Preeclampsia-Vascular Endothelial Dysfunction: Important Aspects for the Anesthesiologist***
45 minutes Susan K. Palmer, M.D.
9:30 am ***Practical Ethical Dilemmas for the Anesthesiologist***
1 hour Susan K. Palmer, M.D.

Annual Spring

May 17, 2003

- 8:00 am ***Is Chronic Pain a Complication of Surgery or of Poor Pain Relief?***
55 minutes Mark Lema, M.D., Ph.D.
8:55 am ***ASA Update***
30 minutes Roger Litwiller, M.D.
10:00 am ***Anesthesia Workforce Issues: Doing More with Less***
55 minutes Mark Lema, M.D., Ph.D.

May 18, 2003

- 8:30 am ***Anesthesia for the Patient with Neuromuscular Disease***
50 minutes Jeffrey Kirsch, M.D.
9:45 am ***Office Anesthesia in 2003: Opportunities and Challenges***
1 hour 15" Jeffrey Kirsch, M.D.

Annual Fall

September 14, 2002

- 7:45 am ***Anesthesia for Pediatric Ambulatory Surgery***
45 minutes Raafat Hannallah, M.D.
8:30 am ***Anesthetic Complications of the Recent Trends in Cardiac Surgery***
45 minutes Peter Moore, M.D., Ph.D.
10:15 am ***Do New Drugs Increase Patient Safety in Pediatric Anesthesia?***
45 minutes Raafat Hannallah, M.D.

September 15, 2002

- 8:30 am ***Future of Anesthesia & Surgical Practice & Perioperative Outcomes***
45 minutes Peter Moore, M.D., Ph.D.
9:15 am ***Hand Held Technology-Use of the PDS***
45 minutes J. Kent Garman, M.D.
10:30 ***Medical Resources on the Internet***
45 minutes J. Kent Garman, M.D.

Annual Spring

May 18, 2002

- 7:30 am ***Anesthesia Simulator Technology***
45 minutes David Murray, M.D.
8:15 am ***Perioperative Care of the Diabetic Patient***
45 minutes Douglas Coursin, M.D.
10:00 am ***Simulation in Health Care Education***
45 minutes David Murray, M.D.
10:45 am ***An Overview of Anemia and Transfusion Medicine***
45 minutes Douglas Coursin, M.D.

May 19, 2002

- 8:30 am ***Ambulatory Labor Analgesia, Pitfalls and Techniques to Make It Work***
45 minutes Christopher Swide, M.D.
9:45 am ***ACOB, JCAHO, VBAC, AWHONN...How to Manage Obstetrical Anesthesia
in the Current Environment***
1 hour 15" Christopher Swide, M.D.

Annual Fall

September 22, 2001

- 7:30 am ***Controversies in Regional Anesthesia***
45 minutes Joseph M. Neal, M.D.
8:15 am ***Ambulatory Anesthesia: Future Prospective Issues***
45 minutes Paul F. White, M.D.
10:00 am ***National OR Manpower Issues***
45 minutes William Mazzei, M.D.
10:45 am ***Fast Tracking Anesthetic Techniques***
45 minutes Paul F. White, M.D.

September 23

- 8:30 am ***Regional Anesthesia/Analgesia and Perioperative Outcomes***
45 minutes Joseph M. Neal, M.D.
9:45 am ***OR Management***
45 minutes William Mazzei, M.D.

Annual Spring**May 20, 2000**

- 7:30 am ***Cerebral Aneurysm Protection***
1 hour James E. Cottrell, M.D.
8:15 am ***Interoperative Brain Protection***
45 minutes James E. Cottrell, M.D.
10:00 am ***Perioperative Ethical Issues***
45 minutes Elizabeth Frost, M.D.
10:45 am ***Perioperative Assessment***
45 minutes Elizabeth Frost, M.D.

May 21, 2000

- 8:00 am ***Malignant Hyperthermia Update***
1 hour Gerald Gronert, M.D.
9:30 ***Case Discussions – Monitoring, Legal Aspects and Precaution Issues***
1 hour Gerald Gronert, M.D.

Annual Fall**September 16, 2000**

- 7:30 am ***Implications of the ASA OB Guidelines***
45 minutes Joy L. Hawkins, M.D.
8:15 am ***Risks of Anesthesia for Children***
45 minutes Randall M. Clark, M.D.
10:00 am ***TEE: Basic Review***
45 minutes Kathryn Rouine-Rapp, M.D.
10:45 am ***Wet Tap During Labor, Now What?***
45 minutes Joy L. Hawkins, M.D.

September 17, 2000

- 8:30 am ***TEE for Adults with Congenital Heart Disease***
45 minutes Joy L. Hawkins, M.D.
9:45 am ***The Leonard Verbrugge Case – Lessons Learned***
1 hour 15" Randall M. Clark, M.D.
